

Robert DiLutis Reed Cases

Thank you for purchasing the Robert DiLutis Reed Case. Your new case comes with a 5 year guarantee and should provide years of quality storage. The reed case comes set and the crystals inside the humidifier will humidify your reeds. Once all 8 reeds are inside, the case will keep your reeds at a constant humidity level of 60-70%. If for some reason the crystals dry up or fall out of the case, we have supplied a large number for refilling. Only 6-8 crystals per reed case are needed. To replace, simply remove humidifier and black bottom of the unit. Add a few crystals and 5-6 drops of water. Crystals will activate in 20 minutes. Replace the cover and press into case. If you have further questions please feel free to visit our web site at TheReedMachine.com
